

**Unite Private Networks** is THE top-of-the-line *fiber* telecommunication company. We are seeking an experienced **Construction Technician** for our **Operations North** team. This role is primarily responsible for managing the construction activities that take place on the worksite and be involved in the supervision of construction contractors in the field.

The **Ideal Candidate** is comfortable working in an outside environment as the lead inspector of fiber placement and sliding. This position requires travel with a company vehicle, anywhere from 50% - 75% during the day, within the state to ensure effectiveness throughout the team.

*If you're looking to grow from within a company, this position has a strong career path at UPN!*

**Specific responsibilities may include, but not limited to:**

- Plan, implement, and oversee construction efforts at specific work sites as directed by the construction manager.
- Facilitate sales opportunities by providing the economic structure needed to meet the company's hurdle rates and/or key performance indicators.
- Monitor area locator.
- Responsible for completing weekly production reports.
- Coordinate projects in the field to ensure they are on time and within budget.
- Field inspect UPN contractors during build and post build projects.
- Route Inspections – drive UPN routes to view pole line and buried routes.
- Meets operational standards by contributing construction information to strategic plans and reviews; implementing production, productivity, quality, and customer-service standards; resolving problems; identifying construction management system improvements.

**Requirements:**

- High school diploma or GED required.
- 3+ year of construction or equipment installation experience
- Ability to effectively lead a crew to the completion of and in conformance with schedule, customer requirements, and budget guidelines.
- Travel is required.
- Valid driver's license required.

**Qualifications (What makes YOU stand out):**

- Telecom experience
- Good planning and organization skills to balance and prioritize work.
- Excellent written and verbal communication skills.
- Good planning and organization skills to balance and prioritize work.
- Great attitude, management skills, and productivity.

Salary is commensurate upon education and experience.
